

THE ELECTIONS

Ohio Goes Republican By Over 100,000.

New York City Gives the Democrats About 35,000 Majority.

The Republicans, How far, Claim the State by 35,000 Majority.

Pennsylvania Gives Heywood, for State Treasurer, a Majority of 175,000—Republicans Claim 20,000 Majority in Nebraska—Maryland Claimed by Republicans—Virginia and Mississippi Democratic.

OHIO.

COLUMBUS, O., Nov. 6.—It is evident that the republicans have carried the state by a plurality almost as large as that given McKinley two years ago. Upon the meager returns now in there is shown a net republican gain per precinct of over two. This can not but make the strength of the democrats in the legislature smaller than it is in the present legislature.

This means, of course, that Forester will succeed Brice in the senate, and Ohio will for the first time in many years have two republican senators in the senate. It also puts Gov. McKinley in the front rank as a claimant for the republican nomination for the presidency.

At 9 o'clock Tuesday night Secretary Matthews, of the republican state committee estimated that the republican plurality will be at least 85,000, and that the legislature, following that figure will be overwhelmingly republican in both branches. The latest returns indicate a republican gain of two votes to a precinct throughout the state over the vote of 1902.

COLUMBUS, O., Nov. 6.—An later and more reliable returns come in from the county the plurality given the republican ticket seems to increase. At this hour, 10 p. m., Gov. McKinley says the plurality for Gen. Bushnell will be 100,000. He has sent a telegram to Gen. Bushnell congratulating him upon his magnificent election as governor of Ohio.

Gen. Anderson, chairman of the democratic state executive committee at this hour admits that the face of the returns so far received indicate a plurality of at least 40,000 for Bushnell. He hopes, however, that later returns will be more favorable and does not yet concede the state.

It is almost certain that the republicans will have a large majority on joint ballot in the general assembly.

COLUMBUS, O., Nov. 6.—At 1:30 a. m. Wednesday Chairman Kurtz of the republican state committee had received returns showing that 83 republicans have been elected to the house, and three counties—Pike, Sandusky and Franklin—are in doubt. Twenty-nine republicans are elected to the senate and the 12th district is in doubt. There are only 112 seats in the house and 37 in the senate, so it can be seen that the republican victory in legislative elections is overwhelming and ex-Gov. Forester will succeed Mr. Brice in the senate.

At 2 a. m. the returns from Ohio seemed to indicate a republican plurality of over 100,000. KENT, O., Nov. 6.—In Kent Bushnell has 363, Campbell 328, republican gain of 3. Populists poll 107 votes, a gain of 101 over 1902. Entire county ticket safely republican.

JACKSON, O., Nov. 6.—Republicans carried Jackson county by 1,500. Caudal rep., elected senator, and Van Pelt rep., elected representative. Coxy polled about 1,000 votes.

KENTUCKY.

LOUISVILLE, Ky., Nov. 6.—At midnight members of the committee left headquarters, having practically abandoned all hope, conceding the election to Col. Bradley, if not the entire republican state ticket.

The republican committee at 2 a. m. Wednesday, claimed Bradley's election by a plurality of 10,000 to 15,000.

LOUISVILLE, Ky., Nov. 6.—Democrats claim the election of P. Wat. Hardin by a plurality of 20,000 to 25,000. The republicans claim the election of Bradley by a small plurality, but give no estimates. No returns have been received in regard to the election of members of the legislature. At Frankfort the republicans elected a majority on the board of county and school trustees. Bradley carried the city by 112. This city goes republican by several thousand majority.

NEW YORK.

NEW YORK, Nov. 6.—Twelve hundred and four districts out of 145 election districts outside New York and Kings county: King 140, 531, Palmer 15, 235. Same districts in 1902 gave 104,141, Palmer 134,550.

Tribune bulletin says: Republicans carry New Jersey by 30,000. Times bulletin says: Greenhalgh will win in Massachusetts by 60,000.

Sun bulletin says: Bushnell elected governor of Ohio by 84,000.

World bulletin says: Philadelphia republican by 60,000. Sun says republican majority in this state will be about 90,000.

Eleven hundred and twenty-four districts out of 3,385 election districts outside of New York and Kings give King dem. 90,421, Palmer rep. 140,031.

Amos J. Cummings, democrat, has been elected to congress in the Tenth district by a big majority.

The entire republican ticket of Watertown, is elected by majorities ranging from 700 to 2,000. James B. Wise is re-elected mayor by 582 majority.

B. J. York, of the democratic county committee, claims that Kings county will give 10,000 plurality to the state ticket.

One thousand and one hundred and thirty-one election districts out of 1,391 in New York city give Palmer 70,932, King 110,793.

BROOKLYN, Nov. 6.—At 9 p. m. the indications that Kings county will give a small plurality for the democratic state ticket, probably less than 5,000. The republicans have probably elected Wurster mayor by less than 10,000 plurality.

NEW YORK, Nov. 6.—Returns from nearly one-half the election districts outside of New York and Kings county show Palmer leads King by over 72,000. 1,107 districts out of 2,393 election districts outside of New York and Kings county give King 141,971, Palmer 216,481. Same districts in 1902 give Meyer 141,527; Palmer 214,167.

Four hundred and thirty districts in New York city give for secretary of state: Palmer rep. 57,729, King dem. 39,500. Comparison of 1902 districts in this city on secretary of state show net democratic gain of 4,373; 36 districts give of 8,880 outside New York and Kings give King dem. 8,794, Palmer rep. 5,181. Same districts in 1902 gave Palmer 10,260, Palmer 4,798. United Press local bulletin estimates city goes democratic by about 30,000.

Times bulletin says: Returns indicate that republicans will carry the state by 40,000. Returns show that both branches of the legislature will be republican.

Journal says state republican by 70,000.

PENNSYLVANIA.

PHILADELPHIA, Nov. 6.—Lancaster county estimated republican majority 9,000. Compared with 1902 shows republican gain 360. Forest county estimated republican majority 1,000. Compared with 1902 democratic gain 75.

Warren county estimated republican majority 1,500. Comparisons with 1902 democratic gain 55. Comparisons are made with the vote for state treasurer in 1902, when Jackson rep. had a plurality of 13,146 over Osborn, dem. Times—Haywood rep. for state treasurer, 5,000 majority; republican gain 216. The republican candidates for superior judge run

about alike. Smith, dem., for superior judge is ahead of the other democratic candidates for judges.

Sullivan county—Meyers, dem., for state treasurer, 15 majority; republican gain 17. Snyder county—Haywood, rep., for state treasurer, 600 majority; dem. gain 110. The candidates for superior judge on both tickets seem to have run about with the party vote.

Charles L. Wetzel, rep., elected county surveyor.

Crawford county—Haywood, rep., for state treasurer, 1715 majority; democratic gain 12. Noyes, dem., for superior judge, runs ahead of his ticket.

PHILADELPHIA, Nov. 6.—Susquehanna county—Estimated republican majority 1,800, republican gain of 50. Delaware county—Estimated republican majority of 500, shows a republican loss of 192. Indiana county—Republican chairman claims 2,700 majority, about the same as 1902.

Wayne county—Seven districts give republican majority of 568, gave 16 in 1902. PHILADELPHIA, Nov. 6.—Pennsylvania has elected Haywood, rep., for state treasurer by a majority approximating 175,000 against 135,142 majority in 1902 for Jackson, rep., for state treasurer. The republican candidates for superior judge were elected by majorities slightly below that for Haywood.

ILLINOIS.

CHICAGO, Nov. 6.—Seven hundred and seventy precincts, Ball 65,481, Morrison 42,979, Bohart 114,357, Carter, 112,128, Braden 108,958, Malley 110,168, Boldenweck 114,345, Wenter 93,307, Smythe 72,428, Kelly 73,401, Jones 72,514, Duffy 69,414.

At 10 o'clock 900 precincts are heard from. Ball should have a majority in the county over Morrison of 30,000. Duffy is defeated by about 3,000 votes. Jones leading him by that number and Smythe a hundred or two ahead of Jones.

St. Louis, Nov. 6.—Returns from the 18th Illinois congressional district indicate the election of ex-State Senator Wm. F. Hedley rep., to fill the vacancy caused by the death of Edward Remann last summer. Mr. Hedley's opponent ex-Congressman Edward Lang failed to carry any of the counties in the district. The contest attracted a great deal of attention by reason of the fact that free silver represented by Mr. Lane was pitted against sound money.

IOWA.

DES MOINES, Ia., Nov. 6.—The returns indicate a light vote. The democrats claim the state is close. The State Register, republican, claims 74 republicans and 26 democrats in the house and 43 republicans and 7 democrats in the senate. The Leader (dem.) says the light vote will result in large democratic gains and claims a reduced republican majority. One hundred and sixty-five precincts in Iowa give Drake 187,39, Babb 12,440, Crane 17,583, Bacon 993. Net republican gain of 2,937.

The populists will, from indications now at hand, double their vote of 35,000 a year ago. Last year the head of the republican ticket carried the state by 75,000. These figures will about be equalled by Drake, republican candidate for governor. Republican state committee now claims 75,000 as the lowest plurality for Drake. The legislature will be overwhelmingly republican.

175 precincts in Iowa: Drake 18,884, Babb 12,500, Crane 1,908, Bacon 1,036, net republican gain 3,101.

NEW JERSEY.

JERSEY CITY, Nov. 6.—Careful estimates gives Ocean county to Griggs by 1,000 plurality and elects Engle, rep., senate, and Tower, rep., assembly by slightly smaller plurality.

The Hudson county democratic committee claim the county by 3,800.

CAMDEN, Nov. 6.—Camden county republican committee estimate for governor over 4,500 plurality.

NEWARK, Nov. 6.—Republican state headquarters claim Union county for Griggs by 50 and Middlesex county by 300 majority.

THENTON, Nov. 6.—Mercer county gives Griggs for governor an estimated plurality of 1,800.

JERSEY CITY N. J., Nov. 6.—Allen McDermond, the democratic state treasurer, concedes the state to the republicans by 20,000. Other members of the democratic committee figure the republican plurality at 16,000.

The result of the election in New Jersey indicates a sweeping victory for the republicans in nearly every district, even in portions which have been for years strongholds of the democracy. John W. Griggs, the republican candidate for governor, has been elected by a surprisingly large plurality, probably by about 15,000. Five of the seven new state senators are republican, and in the assembly the democrats have lost much ground.

UTAH.

CODEN, Utah, Nov. 6.—Nineteen precincts, Caine, dem., governor, 493, Wells, rep., 613, Caine, dem., congress, 508, Allen, rep., 625. For statehood 11, against 7.

SALT LAKE, Nov. 6.—Thistle Junction, Utah county, Wells, rep., governor, 40, Caine, dem., 72, Allen, rep., congress, 46, Roberts, dem., 72, Pine Valley, Washington county, Wells and Allen 1, Caine and Roberts 37.

Twenty-four precincts in Ogden Caine, dem., governor, 747, Wells, rep., 809, Roberts, dem., congress, 732, Allen, rep., 834. It is predicted that statehood will be carried by from ten to thirteen thousand. No returns coming in to base estimates on state legislature. From returns on governor and congress-man there is little indication of scratching. In the returns given Salt Lake and Ogden City are not included.

SALT LAKE, Nov. 6.—Forty precincts heard from show democratic gains over last year of 190. This ratio, if maintained, would fall far short of overcoming the republican majority of 1,800 and there can be no doubt the republicans will control both branches of the legislature. Caine, dem., may pull through for governor, owing to Lawrence, rep., drawing heavily from Wells the republican candidate, but it will be very close. Allen, rep., will probably defeat Roberts for congress.

MASSACHUSETTS.

BOSTON, Nov. 6.—Two hundred and ten towns give Greenhalgh 72,302, Williams 38,427, a net republican loss against last year of 481.

SPRINGFIELD, Nov. 6.—Twenty-seven out of 70 towns in the First congressional district 1,800 give Greenhalgh 5,468, Williams 2,693.

BOSTON, Nov. 6.—The vote of Boston with but two precincts lacking is: Williams dem. 30,008, Greenhalgh rep. 30,023, democratic plurality 2,885. In 1902 the same precincts gave Russell 32,858, Greenhalgh 32,659, democratic plurality 2,899, democratic loss 614.

MARYLAND.

BALTIMORE, Nov. 6.—Talbot county conceded by democrats to have gone republican by 250 majority. City carried by republicans by about 10,000.

CUMBERLAND, Md., Nov. 6.—Returns thus far received indicate that Lorden has carried Allegany county by a majority of 1,500.

BALTIMORE, Nov. 6.—Baltimore American claims election of Lowndes, rep., for governor and entire republican ticket by 10,000 in city and 10,000 in state.

KANSAS.

TOPEKA, Kan., Nov. 6.—Chief justice supreme court only state officer elected on Tuesday. Vote light little interest. Candidates, Martin, rep., and Holliday, ind. Free silver restriction, according to show count as returns yet received and probably nothing definite will be known before Wednesday, but Martin's election is conceded by all parties.

NEBRASKA.

OMAHA, Nov. 6.—Forty-six precincts out of 76 Omaha give for mayor: Branstetter 1,431, Brown dem. 499.

OMAHA, Neb., Nov. 6.—Incomplete returns from the state show that Norval, rep., has carried the state by 30,000 over Maxwell, pop. for supreme court justice. In Omaha the republican ticket, backed by the A. B. A., has beaten the combined democratic and populist parties by 1,000 to 2,000 votes. W. J. Branstetter, rep., being elected mayor by 1,000 votes over C. H. Brown, dem. and citizen. The county has also gone republican by about 2,000. It looks like the election of every republican candidate.

COLORED.

DENVER, Nov. 6.—The elections in Colorado were for county offices. A light vote was cast

in many counties, due to a snowstorm lasting most of the day. In the three largest counties, Arapahoe, El Paso and Pueblo, the republican party seems to be defeated. In Denver, the interest in the election was intense, and the fusion ticket will probably win. Armstrong, for sheriff, is certainly elected over Webb, the republican candidate. The women voted about as generally as the men.

VIRGINIA.

RICHMOND, Va., Nov. 6.—Returns from 14 counties and cities show the election of 2 democrats and 11 to the house of representatives. Indications point to a very light vote. Democrats feel confident of a fair majority over republicans and honest electionists.

About one-fourth of the state heard from elects 4 democratic senators and 23 members of the house.

At 2 a. m. the returns show the election by the democrats of 11 of the 30 senators and 37 of the 100 delegates. Several counties still to be heard from will almost certainly return democrats. Both houses of the general assembly will beyond question be fully in control of Democrats.

MISSISSIPPI.

JACKSON, Miss., Nov. 6.—Indications are that the entire democratic ticket is elected by from 30,000 to 40,000.

RECOMMENDATIONS

Of the Board of Bureau Chiefs Rejected by Secretary Herbert.

WASHINGTON, Nov. 6.—Secretary Herbert has rejected the recommendations of the board of bureau chiefs that additional penalties be imposed on contractors for the overweight of hulls of vessels and failure to deliver plans for armor plate within the time specified in the contract. Chief Hepburn disagreed with the other chiefs on these propositions and argued on them before Secretary Herbert. He called the attention of the secretary that the contractors at present had three penalties. These were as much, he claimed, as they could bear. If additional penalties as proposed were added it would prevent many contractors from bidding. The secretary agreed with Constructor Hepburn, and refused to impose additional penalties recommended.

ACCIDENT TO A BIG GUN.

WASHINGTON, Nov. 6.—A report received at the navy department Tuesday from the commissioner of the United States cruiser Columbia states that during a test of powder pressure with one of the eight-inch guns off Hampton Roads a few days ago, the breech block of the gun was checked. The report did not give the extent of the injury nor whether it affected the stability of the gun itself, but a further report containing these details is promised.

THE SPANISH ARMY

In a Badly Demoralized Condition—Soldiers Starving and in Tears.

NEW YORK, Nov. 6.—A special from Key West, Fla., says: The Spanish army in Cuba is in a badly demoralized condition, according to a letter received here from Cuba. This demoralization is due to insufficiency of food and clothing and lack of pay. The soldiers, the letter says, are starving, in rags and barefooted, and many have not been paid since the revolution began. The mortality among the troops is frightful. In some regiments fifty per cent have died of yellow fever. The Madrid government seemed to be utterly heartless about the troops. Some time ago the soldiers sent a petition to Madrid asking that the families of those dying of yellow fever be granted the same pensions as those killed in battle. This petition was approved by Campos, but the Madrid government refused to grant it. The soldiers have been maddened by these things, and mutiny is threatened. It is reported in Havana that Campos has cabled Madrid that unless the soldiers are treated better Spain will soon have none left to fight her battles.

Suicides are occurring daily. Last week near Remedios a lieutenant who was suffering from home sickness, lost his reason and ran amuck. He shot four privates dead and then put a bullet through his own heart. In Matanzas Capt. Bajaneto, of the Maria Cristina regiment, blew out his brains Saturday. Bajaneto's wife was a Cuban, and she urged her husband to desert and join the insurgents. He refused, but his wife upbraided him so bitterly for fighting against her countrymen that he committed suicide. The Cuban officers in the Spanish army, of whom there are many, are making trouble. They have applied for transfers to the Philippine islands or other Spanish possessions. While they do not wish to desert, they say they will not fight against their brethren who are trying to free Cuba. This disaffection of the Cuban officers has rendered useless several battalions. Spanish inhabitants in the country districts are leaving Cuba by hundreds. Las Villas district has been almost depopulated. The Spanish planters say the island is lost to Spain and that they are getting out while they can. Every steamer leaving Havana for Europe is crowded with refugees.

The Battleship Maine's Destination.

BROOKLYN, Nov. 6.—The battleship Maine, Capt. A. S. Crowlinsfield commander, sailed from the navy yard at 10 o'clock Tuesday morning for Gardiners Bay, L. I., via Sandy Hook. After testing her great guns for a day or two the Maine will go to the torpedo station at Newport for her torpedo outfit, and after the usual tests under the supervision of the installing officers, the Maine is expected to join Adm. Bance's squadron in southern waters.
